Date: 8th September 2020

Dear Ms Catherine Camp,

COMMUNITY FLOOD RESILIENCE PATHFINDER SCHEME

Firstly, let me introduce myself, my name is Jasmin Berrill from Northamptonshire County Council's Emergency Planning Team. We are looking for communities to sign up to the third phase of the Community Flood Resilience Pathfinder scheme, which aims to make them more able to deal with flooding and feel better prepared for any emergency. I am contacting you as Barby and Onley Parish has been identified as somewhere that is at risk from flooding and we think you could benefit greatly from this scheme.

The objectives of the project are:

- The promotion of flood resilience to communities in Northamptonshire
- To work with up to 30 communities to develop and improve community and household level preparedness to flood risk through both prevention and preparedness measures
- To support up to 30 communities through the implementation of small scale asset integration works
- To support the further development of the NCC Flood Toolkit
- To recruit and train further surface water flood wardens
- To enhance the role and training available to Northamptonshire surface water flood wardens

Applicants would need to identify community members who can be flood wardens and someone who will be the main point of contact for their area. In return they would then benefit from a flood survey, which would be undertaken by civil engineers and support in developing community action plans and longer-term solutions which may involve purchasing equipment for which there is funding available.

To apply please visit the flood toolkit: <https://www.floodtoolkit.com/pathfinder/>

Please do not hesitate to contact me if you have any questions or would like to discuss the project further.

Kind regards

Jasmin Berrill
